School Internship Supervisor Packet

The following forms provide general information about the ASHA requirements for the cooperating SLP, information about the evaluation of the student intern, expectations of the cooperating SLP, expectations of the student intern, and suggested experiences for the student intern. The items listed are merely suggestions/guidelines about experiences that would benefit the student intern. The cooperating SLP may use this information at his/her discretion.

- Policies and Procedures for School Internship
- General Information for the Cooperating SLP & Student Intern
- Expectations and Recommended Experiences for the Speech Language Pathology Student School Internship

The following forms are filled out by the cooperating clinician. Envelopes are provided.

- UNK Communication Disorders Internship Agreement
  This form indicates that the cooperating SLP accepts the responsibilities of a clinical supervisor and is ASHA certified. Please fill out the agreement and return to UNK Internship Coordinator with a copy of your current ASHA card during the first week of internship. *** If there is more than one cooperating SLP both must fill out the internship agreement and send a current copy of their ASHA card.

- University of Nebraska Kearney Clinic Site Grading Form (Mid-Term & Final)
The cooperating SLP completes this twice (mid-term grade - 5th week of placement; final grade - 1 week prior to finishing placement) during the internship experience. After the cooperating SLP reviews the information with the student intern, the form must be signed (SLP & intern), and mailed to the UNK Internship Coordinator to place in the student intern’s file.
