I. New business

Requests to alter, create, etc., courses/programs:

#20 Alter, Course, Number and prerequisite, BMGT 370 Small Business Management BMGT, B&T Creating an Entrepreneurship Minor for business and non-business students interested in starting own business; also would like courses available for MBA students. This course needs to be a 400 level course; to be offered to graduate students.

#21 Create, Course, BMGT 409 "Leadership: Skills, Applications, Research" BMGT, B&T, "Creating an Entrepreneurship Minor for business and non-business students interested in starting own business; also would like courses available for graduate students. This course was previously taught under BMGT 498, special topics & we would like a permanent option for MGT."

#22 Alter Course, Number and Prerequisite, BMGT494, Entrepreneurship BMGT, B&T "The Department of Management would like the course number for Entrepreneurship to reflect the fact that it is an introductory course for those interested in the Entrepreneurship Minor rather than a capstone course. However, we would also like to continue to offer this course as an elective option for MBA students."

#23 Create Course ECON 410, Health Care Economics, ECON B&T "Health care has become a major component of the U.S. economy. In 1960, health care expenditures represented 5% of GDP. Currently, health care takes nearly 15% of GDP, with predictions that it will reach as high as 20% by 2016. The U.S. spends more per capita on health care than other industrialized
nations, which impacts our production costs and our ability to compete in the global economy. UNK students need to have an awareness of the impact of health care expenditures on economic performance. It is anticipated that the class would become a vital part of the Public Health Minor now being developed."

#24 Alter, Course, Title, MLSC 201, Basic Leadership/Management Principles MLSC B&T "This course has not been offered since Fall Semester 2001. This course is being renamed as it is being "reactivated" for including in the GOLD Program. New title: Individual Leadership Studies."

#25 Create, Course, MLSC 2001L, Leadership Laboratory III MLSC B&T "This laboratory will be required with MLSC 201. MLSC classes have not been on the course inventory at UNK since Fall Semester 2001. Leadership lab was a requirement with MLSC classes, but the course number for the lab to accompany MLSC 201 no longer exists."

#26 Alter, Course, Title, MLSC 303, Advance Camp Prep MLSC B&T "This course has not been offered since Fall Semester 2001. This course is being renamed as it is being "reactivated" for inclusion in the GOLD Program. New title: Officer Candidate School - Phase 1."

#27 Create, Course, MLSC 403 Military Leadership and Management, MLSC, B&T, MLSC classes have not been on the course inventory at UNK since Fall Semester 2001. As part of the GOLD Program.

#28 Create, Course, MLSC 403L Leadership Laboratory VII, MLSC, B&T This laboratory will be required with MLSC 403. MLSC classes have not been on the course inventory at UNK since Fall Semester 2001. Leadership lab was a requirement with previous MLSC classes. MLSC 403 is a new course and MLSC 403L is being added as a co-requisite for the lecture class.

#29 Alter, Program, Theatre Minor, MUS FA, "In 2006, all of the Theatre degree programs were altered dramatically. To fine-tune the revised Theatre Minor, and avoid redundancy between the "required" and "elective" courses within the degree, we would like to eliminate the THEA 423 (Advanced Theatre Practicum) option from the "elective" section of the degree."
This will encourage Theatre minors to select a wider variety of courses to fulfill the required hours, rather than taking additional practicum hours beyond those already required for the degree."

#30 Alter, Program, B.A., Theatre Option, MUS FA

"in 2006, all of the Theatre degree programs were altered dramatically. In the process of overhauling everything, we managed to overlook one small detail in the Performance Emphasis of the revised BA degree. To correct the oversight and ensure that students in the Performance track receive the best possible foundation coursework, we would like to adjust the Performance Emphasis to require completion of THEA 226 (Acting II) and THEA 425 (Acting III) as part of the 12 hours for the emphasis. These courses are presently among seven "electives" offered for the emphasis. The remaining five courses would still be listed as "electives"."

Lawson moved to accept items #20 - 30; Anderson seconded. Anderson/Lawson accepted a friendly amendment to withdraw #Item 28, which was withdrawn by the department after the subcommittee’s meeting. The motion passed unanimously. Lawson amended the motion to accept Items #20-27, 29-30. The motion passed unanimously.

II. The meeting adjourned at 4:30 PM.

Respectfully submitted,

Darleen Mitchell, Secretary
