Present: Marc Albrecht, Greg Anderson, Sylvia Asay, Derrick Burbul, Kim Elliott, Martha Kruse, George Lawson, Janet Lear, Nate Summerfield, Theresa Wadkins, Jane Ziebarth-Bovill
Absent: Debbie Bridges, Brandon Pettigrew, Cliff Summar, Kim Schipporeit
The chair called the meeting to order at 4:00pm. It was moved (Lear) and seconded (Lawson) that we accept items #115-123. Discussion followed. A unanimous vote was taken and the motion was approved.

It was moved (Lawson) and seconded (Lear) that we accept items #124-129. Discussion followed. A unanimous vote was taken. The motion was approved.

Some discussion was held on the potential impact of the proposed General Studies program to the Academic Affairs agenda for next year.

A motion was made (Anderson) and seconded (Ziebarth-Bovill) to adjourn the meeting. The meeting was adjourned at 4:30pm.

2008-09 ACADEMIC AFFAIRS SUBCOMMITTEE MEETING

Academic Affairs Full Committee 4/16/09

NUMBER, REQUEST, LEVEL, SPECIFIC REQUEST, DEGREE/COURSE, PROGRAM/COURSE, TITLE, DEPT, COL, REASON

#115, Discontinue, Course, BMIS 181, Introduction to Information Systems, Marketing and MIS, B&T, No longer needed by students in the old program. Replaced by incorporating elements of course into other courses.

#116, Alter, Course, Title, Prerequisite, and Course Type, BIOL 305, Research Analysis, BIOL, NSS, Name change more accurately reflects the course content and will aid advisors in evaluation of transfer credits. Adding lab section(s) will open course to more students and increase time for students to gain hands-on experience of conducting analyses with contemporary statistical software, with a minimum increase in faculty time. New Course Title: BioStatistics. Changing prerequisites from: none to MATH 102.

#117, Alter, Program, Biology Major Bachelor of Science, BIOL, NSS, This program is to be altered to update the name change for BIOL 305, BioStatistics.

#118, Alter, Program, Biology Comprehensive Option Bachelor of Science, BIOL, NSS, This program is to be altered to update the change for BIOL 305, BioStatistics.

#119, Alter, Program, Chemistry 7-12 Teaching Subject Endorsement Bachelor of Science in Education, CHEM, NSS, The degree is being updated to comply with General Studies requirements (eliminating CHEM course required in GS); to adjust for courses that are no longer offered (GEOG 256); to streamline and simplify the chemistry requirements for our majors; and to lower the hours in the endorsement overall.
#120, Alter, Course, Number, CSIS 250, Information Systems Concepts, CSIS, NSS, This course used to be CSIS 350, but was moved to CSIS 250 a few years ago. We now feel that this course is better numbered CSIS 350, since it covers the principles of information systems. New Course Number: CSIS 350.

#121, Alter, Course, Prerequisite, CSIS 380, System Analysis and Design, CSIS, NSS, This course is no longer a WI course, so we are removing the ENG 102 prereq. Changing prerequisites from CSIS 150*, ENG 102GS*, junior standing to CSIS 150*, junior standing

#122, Create, Course, CSIS 448, System Administration, CSIS, NSS, Skill needed by graduates from Telecommunications Management, Business Management information Systems, Teacher Education, and CSIS.

#123, Alter, Program, Pre-Occupational Therapy, HSCI, NSS, The course BMIS 181 is being discontinued and that course is currently part of the Pre-Occupational Therapy program. It has been requested that I submit this paperwork to remove the course from the Pre-OT program. This will not be problematic for the program since the only reason BMIS 181 was required was because it was previously a required co-requisite for anyone taking BMIS 182, which is the only course really needed. The only other change being submitted is to the text under the heading of “Additional Requirements at Creighton University.” Creighton is requiring a Bachelor’s Degree for admission from this point forward and therefore, the text is being changed to reflect the new requirement.

#124, Alter, Course, Prerequisite, ART 454, Computer Animation II, ART, FAH, When ART 355 was added as a prerequisite for this course students were generally less proficient on the computer. Changing prerequisite from ART 355 or permission of instructor to ART 305 or ART 305M.

#125, Create, Course, ART 454M, Computer Animation II/Multimedia, ART, FAH, The proposed action would create an “M” section of the course for the purposes of record keeping (as an elective) in the Multimedia major.

#126, Create, Course, ART 497, Senior Project: BA, ART, FAH, To develop a new capstone course that is specifically set up for the BA Studio Art Degree. It will replace ART 499 (current capstone).

#127, Alter, Course, Title and Prerequisite, ART 499, Senior Exhibit, ART, FAH, New Course Title: Senior Project: BFA. Changing prerequisite from “none” to “department permission.”

#128, Alter, Program, Studio Art BA, ART, FAH, The BA Studio Art is being altered to replace the capstone course of ART 499 with ART 497 (New Capstone) to accommodate the specific BA Program Requirements. In addition, the Department is updating the Art Elective course offering in order to give more variety.

#129, Alter, Program, Visual Communication and Design BFA, ART, FAH, The BFA Visual Communication and Design Program is being altered to update the Art Elective list to give students more opportunities of course sequence in all Art Studio areas.
