Under the Civil Rights Act of 1964 and related statutes, Nebraska Safety Center ensures that no person shall, on the grounds of race, color, or national origin, be excluded from participation in, denied the benefits or services of, or be otherwise subjected to discrimination in all programs, services or activities administered by the agency.

I. Introduction and Overview

Plan Statement

Nebraska Safety Center operates a transit vehicle exclusive to training public transit drivers located in Nebraska. As a condition of receiving Federal financial assistance to operate these services, the agency ensures that its programs, policies, and activities comply with Title VI of the Civil Rights Act. The following program details how Nebraska Safety Center meets the Title VI requirements set forth in FTA Circular 4702.1B.

Nebraska Safety Center has been the recipient of Section 5311 transit funds. Federal funding for Nebraska Safety Center has been received through the Nebraska Department of Transportation Transit Section. NDOT administers Nebraska Safety Center’s FTA transit service funding and provides all Title VI program oversight for Nebraska Safety Center.

Policy

Section 601 under Title VI of the Civil Rights Act of 1964 states the following:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

Nebraska Safety Center is committed to ensuring that no person, on the basis of race, color, or national origin, shall be excluded from participation in or subjected to discrimination under its programs or services, or be denied the benefits of the level and quality of transit services provided by the agency’s employees, affiliates, and contractors.

Authorizing Legislation

Most Federal transit laws are codified at title 49 U.S.C. Chapter 53. Authorizing legislation is substantive legislation enacted by Congress that establishes or continues the operation of a Federal program or agency. FTA’s most recent authorizing legislation is entitled the Moving Ahead for Progress in the 21st Century (MAP-21) Act, Public Law 112-141, signed into law on July 6, 2012, and effective as of October 1, 2012.
**How to Contact FTA and Nebraska Safety Center**

FTA's regional and metropolitan offices are responsible for providing financial assistance to FTA grant recipients and for oversight of grant implementation for FTA programs. Certain specific programs are the responsibility of FTA headquarters. Inquiries should be directed to either the regional or metropolitan office responsible for the geographic area in which the recipient is located.

**FTA Circular 4702.1B**

Nebraska Safety Center's Title VI Plan has been developed to address FTA's Title VI requirements and oversight responsibilities. The Plan follows the guidelines set forth in FTA Circular 4702.1B.
II. General Reporting Requirements

Chapter III of FTA Circular 4702.1B addresses the general reporting requirements for recipients and subrecipients of FTA funding to ensure that their activities comply with US DOT Title VI regulations. These requirements are summarized below, accompanied by details on how Nebraska Safety Center’s Title VI Transit Program fulfills each requirement.

1. Requirement to Provide Title VI Assurances

In accordance with 49 CFR Section 21.7(a), every application for FTA financial assistance must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances to FTA.

Nebraska Safety Center submits its Certifications and Assurances to the Nebraska Department of Transportation (NDOT). NDOT collects Nebraska Safety Center’s Title VI Assurances prior to passing through FTA funds.

2. Requirement for First-Time Applicants

New applicants will submit a Title VI program that is compliant with FTA Circular 4702.1B, as well as an Assurance that the applicant will carry out the program in compliance with DOT Title VI regulations.

As Nebraska Safety Center is a first-time applicant, they are submitting this plan in compliance with DOT Title VI regulations.

3. Requirement to Prepare and Submit a Title VI Program

FTA requires that all direct and primary recipients document their compliance with DOT’s Title VI regulations by submitting a Title VI Program to their FTA Regional Civil Rights Officer once every three years, or as otherwise directed by FTA. For all recipients (including subrecipients), the Title VI Program must be approved by the recipient’s board of directors or appropriate governing entity or official(s) responsible for policy decisions prior to submission to FTA. Subrecipients shall submit Title VI Programs to the primary recipient from whom they receive funding in order to assist the primary recipient in its compliance efforts.

Nebraska Safety Center’s Director will approve this Title VI Program. Documentation of such approval will be submitted with the agency’s Title VI Program.

Nebraska Safety Center will submit its Title VI Program to the Nebraska Department of Transportation for review and approval.
4. Requirement to Notify Beneficiaries of Protection under Title VI

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient’s obligations under DOT’s Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, recipients shall disseminate this information to the public by posting a Title VI notice on the agency’s website and in public areas of the agency’s office(s), including the reception desk, meeting rooms, etc. Recipients should also post Title VI notices at stations or stops, and/or on transit vehicles.

A copy of Nebraska Safety Center’s Title VI Notice to the Public is displayed below. This notice is accessible in multiple languages via the agency website at http://www.unk.edu/offices/safety_center/. The notice is also displayed in Spanish, Vietnamese, Arabic, Chinese, German, Slavic, French, Korean and Tagalog at the agency’s main office in Lincoln, Nebraska.
Title VI Notice to the Public
Nebraska Safety Center

Nebraska Safety Center operates its programs and services without regard to race, color, or national origin in accordance with Title VI of the Civil Rights Act. Any person who believes they have been aggrieved by an unlawful discriminatory practice under Title VI may file a complaint of discrimination by completing and submitting the agency’s Title VI Discrimination Complaint Form. This form can be found online at http://www.unk.edu/offices/safety_center/ or requested by contacting the agency at the address provided below. 5. Requirement to Develop Title VI Complaint Procedures and Complaint Form

All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them, and shall make their procedures for filing a complaint available to members of the public. Recipients must also develop a Title VI complaint form, and the form and procedure for filing a complaint shall be available on the recipient’s website:

Nebraska Safety Center has adopted the Nebraska Department of Transportation’s procedures and forms for investigating and tracking Title VI complaints of discrimination, and these forms (pictured below) are accessible in multiple languages via the agency website at http://www.unk.edu/offices/safety_center/, or upon request. Instructions for obtaining these forms are provided on the agency’s Title VI Notice to the Public.

A description of Nebraska Safety Center’s Title VI Complaint Procedures follows the forms presented below.
Title VI Discrimination Complaint Form
Nebraska Safety Center

To file a Title VI complaint of discrimination, please complete this Complaint Form in full and submit it within 180 days following the alleged incident using the provided agency contact information. Complaints received after 180 days will not be eligible for investigation. Title VI complaints must involve issues pertaining to race, color, or national origin. Complaint Forms may be submitted by an individual or a representative of that individual.

Complaints must be made in writing and contain as much information as possible about the alleged discrimination. If complaints are received by telephone, the information will be documented in writing and provided to the complainant for confirmation or revision and signature prior to processing. The written complaint should include the complainant’s name, address, and telephone number, as well as a detailed description of the issues and the name(s) and job title(s) of individuals perceived as parties in the complaint.

Title VI Complaint Procedures
Nebraska Safety Center

Any person who believes they have been discriminated against on the basis of race, color, or national origin by the Nebraska Safety Center may file a complaint by completing and submitting the agency's Title VI Complaint Form. Complaints must be submitted within 180 days following the alleged incident. Complaints received after 180 days will not be eligible for investigation.

All Title VI and related statute complaints are considered formal—there is no informal process. Complaints must be made in writing and signed by the complainant on the Complaint Form provided. If complaints are received by telephone, the information will be documented in writing and provided to the complainant for confirmation or revision and signature prior to processing. Complaints must include the complainant's name, address, and telephone number, and should specify all issues and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin. Complaints can be submitted to the agency at the following contact information:

Nebraska Safety Center
Attn: Rural Transit Manager
2125 Transformation Dr Suite 1260
Lincoln, NE 68508
(402) 480-6859
richardsonke@unk.edu

Complaints can also be filed directly with the Federal Transit Administration at:

Nebraska Department of Transportation
Attn: Transit Manager
1400 Hwy 2
Lincoln, NE 68502
(402) 479-4694

Complaints can also be filed directly with the Federal Transit Administration at:

Federal Transit Administration
Attn: Title VI Program Coordinator
East Building, 5th Floor-TCR
1200 New Jersey Ave. SE
Washington, D.C. 20590

NDOT will notify the Federal Transit Administration that a complaint has been received. The complainant will receive an acknowledgment letter informing her/him whether the complaint will be investigated. NDOT has 30 days to investigate the complaint. If more information is needed to resolve the case, the agency may contact the complainant to request additional information. The complainant has 15 days from the date of the letter to supply requested information to the investigator assigned to the case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wishes to appeal the decision, she/he has 30 days following the closure letter or LOF to do so.

Nebraska Safety Center’s Title VI Complaint Procedures

Nebraska Safety Center forwards all Title VI complaints of discrimination to the Nebraska Department of Transportation Intermodal Planning section for review. Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by Nebraska Safety Center may file a complaint by completing and submitting the agency’s Title VI Complaint Form. Only complaints received no more than 180 days following the alleged incident will be subject to investigation.

All Title VI and related statute complaints are considered formal—there is no informal process. Complaints must be made in writing and signed by the complainant on the form provided. Complaints received by telephone will be placed in writing and provided to the complainant for confirmation or revision and signing prior to processing.

Complaints may be filed by the affected individual or a representative of that individual. Complaints must include the complainant’s name, address, and telephone number, and should specify all incidences and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin.

Complaints may be filed with the agency using the following contact information:

**Nebraska Safety Center**
Attn: Rural Transit Manager
2125 Transformation Dr
Suite 1260
Lincoln, NE 68508
(402) 480-6859

1200 New Jersey Ave., SE
Washington, D.C. 20590
If a complaint is received by Nebraska Safety Center, the agency will submit the complaint to the Nebraska Department of Transportation (NDOT) for review. Upon receipt of the complaint, the NDOT Intermodal Planning Section will notify the Federal Transit Administration that a complaint has been filed. The NDOT Transit Manager or other investigator will contact the complainant to:

- Acknowledge receipt of the complaint by the investigator.
- Confirm the complainant received adequate assistance to file the complaint.
- Confirm that the complainant wishes to proceed with the complaint.
- Confirm the existence of allegations that require investigation and/or resolution.
- Gather additional facts and further clarify the complaint.

The complainant will be notified in writing that the complaint was received and will be reviewed by the NDOT Intermodal Planning Section and FTA Region VII, with the involvement of Nebraska Safety Center. If the complaint is determined to have validity, it will be investigated. As part of the review, the investigator will, at minimum:

- Gather relevant documentation from the complainant that was not included in the complaint, such as forms, memos, letters, and photographs;
- Maintain a log of all activities associated with the complaint;
- Complete an investigative report containing information, findings, photos, and recommendations for corrective action, to be submitted to FTA.

A copy of the complaint, together with a copy of NDOT’s investigative report, shall be forwarded to the FTA Region VII Office in Kansas City, MO within 60 days of the date at which the complaint was received by NDOT.

- A decision by NDOT to dismiss a complaint can be made for the following reasons:
  - The complaint was not filed within 180 days.
  - The complaint is not covered by the Title VI statutes for which NDOT is responsible.
  - The complaint does not allege any harm covered under the statutes for which NDOT is responsible.
  - The complainant requests the withdrawal of the complaint.
  - The complainant fails to respond to repeat, documented requests for additional information needed to process the complaint.
  - The complainant cannot be located after documented reasonable attempts.

A log will be maintained which is to include the following information:

- The date the complaint/lawsuit was filed.
- A summary of the allegation(s).
- The status of the investigation.
- The actions taken by the recipient/subrecipient in response to the complaint/lawsuit and investigation.
- Documentation to be retained includes the complaint form and a summary of findings.
After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and the complaint will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wished to appeal the decision, she/he has 30 days following the closure letter or LOF to do so.

For additional questions regarding Nebraska Safety Center's Title VI complaints procedure or Civil Rights Program, individuals may contact the transit agency at the contact information provided above. For more information on NDOT's Title VI complaints procedure or Civil Rights Program, individuals may contact NDOT at the address provided.

6. Requirement to Record and Report Title VI Complaints, Investigations, and Lawsuits

In order to comply with the reporting requirements of 49 CFR Section 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin: active investigations conducted by entities other than FTA; lawsuits; and complaints naming the recipient. This list shall include the date that the investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to, the investigation, lawsuit, or complaint.

At this time, Nebraska Safety Center has not received Title VI complaints of discrimination, and therefore there are no investigations or lawsuits to report.

Nebraska Safety Center will maintain a list of all investigations, lawsuits, and/or complaints naming the agency, in accordance with the guidelines specified by FTA C 4702.1B. A copy of the form that will be used to track such complaints is displayed below. Nebraska Safety Center will maintain permanent records of all complaint-related documents. The agency will report all Title VI complaints of discrimination to the Nebraska Department of Transportation and the Federal Transit Administration.

7. Plan to Promote Inclusive Public Participation

Nebraska Safety Center’s public involvement strategy allows for timely public notice and the opportunity for public comment surrounding requests for FTA Section 5310 funds for operating assistance or acquisitions of new technologies, services, or equipment. During the public involvement process, reasonable steps will be taken to accommodate LEP persons.

Prior to submitting a funding request to NDOT, Nebraska Safety Center will engage in the following activities to solicit public participation:

1. Issue a public notice in a newspaper generally available to the public and private agencies and operators in the service area. The notice will describe what funding is being requested and the transportation services to be offered. The notice will invite any interested public or private transit or paratransit operator within the service area to comment on the funding application by sending a written notice to the Nebraska Department of Transportation Intermodal Planning Division and/or the applicant agency within 30 days of the public notice.

Past Outreach Efforts

Notably, Nebraska Safety Center is not a provider of public transportation, precluding many forms of public outreach related to transportation. However, the agency has and will continue to follow the public participation strategy outlined above in the event of requests for operating assistance or acquisitions of new technologies, services, or equipment. Reasonable steps will be taken to accommodate persons of limited English proficiency encountered as a result of this process.

8. Providing Meaningful Access to LEP Persons

Recipients are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. While designed to be a flexible and fact-dependent standard, the starting point is an individualized assessment that balances the following four factors: (1) the number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee; (2) the frequency with which LEP individuals come into contact with the program; (3) the nature and importance of the program, activity, or service provided by the program to people’s lives; and (4) the resources available to the grantee/recipient and costs. As indicated above, the intent of this guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small business, small local governments, or small nonprofits.

Four Factor Analysis Results Summary

Notably, Nebraska Safety Center does not provide transportation to the general public; exclusive to training public transit drivers located in Nebraska. Nebraska Safety Center personnel report that contact with clients of limited English proficiency (LEP) is rare, with no LEP clients in contact with the program at the current time. However, the following analysis was carried out to inform a Language Assistance Plan that considers the needs of limited English proficient (LEP) persons who could potentially be encountered by the agency as it administers its services in Nebraska.

To facilitate this analysis, 2014-2018 American Community Survey data was analyzed at the county level. This data was used to inform the Language Assistance Plan accompanying this Four Factor Analysis. The
data show that the number and proportion of LEP persons in Nebraska is significant, with approximately 88.8% of the population estimated to speak English only.

Service Area Profile

The total number of persons over the age of five in Nebraska is 1,763,094.

- Of the total population, 1,566,040 persons, or, approximately 88.8% of the population, speak English only.
- Spanish or Spanish Creole is the largest non-English language group within Nebraska, with 131,614 persons, or approximately 7.5% of the total population, identified as speaking Spanish or Spanish Creole. The number of LEP persons within this language group is 60,085.
- Vietnamese is the second largest non-English language group within Nebraska, with 7,550 persons, or approximately .4% of the total population, identified as speaking Vietnamese. The number of LEP persons within this language group is 4,819.
- Arabic is a significant non-English language group within Nebraska, with 5,299 persons, or approximately .3% of the total population, identified as speaking Arabic. The number of LEP persons within this language group is 2,258.
- Chinese is a significant non-English language group within Nebraska, with 5,096 persons, or .3% of the total population, identified as speaking Chinese. The number of LEP persons within this language group is 2,972.
- German is a significant non-English language group within Nebraska, with 4,981 persons, or .3% of the total population, identified as speaking German. The number of LEP persons within this language group is 558.
- Russian, Polish, or other Slavic languages are a significant non-English language group within Nebraska, with 4,233 persons, or .2% of the total population, identified as speaking German. The number of LEP persons within this language group is 1,248.
- French, Haitian, or Cajun is the second largest non-English language group within Nebraska, with 4,183 persons, or approximately .3% of the total population, identified as speaking French, Haitian, or Cajun. The number of LEP persons in this group is 958.
- Korean is a significant non-English language group within Nebraska, with 1,575 persons, or 0% of the total population, identified as speaking German. The number of LEP persons within this language group is 765.
- Tagalog is a significant non-English language group within Nebraska, with 1,353 persons, or 0% of the total population, identified as speaking German. The number of LEP persons within this language group is 422.
- Other non-English language groups were small by comparison, with no non-English language groups nearing the Safe Harbor Threshold specified above.

Service Area Profile Conclusions

The number and proportion of Spanish, Vietnamese, Arabic, Chinese, German, Slavic, French, Korean and Tagalog speaking persons in the vicinity of Nebraska Safety Center is significant, exceeding the Safe Harbor Threshold of 1,000 or more LEP persons or 5% of the service area population. However, because Nebraska Safety Center does not provide public transportation and focuses on training public transit
personel, agency personnel report that contact with LEP persons is rare, with no LEP clients estimated to be in contact with the program at the current time.

**Nebraska Safety Center Four Factor Analysis**

**Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient**

**Factor 1a: How LEP persons interact with the recipient’s agency**

Nebraska Safety Center provides training for public transportation drivers and staff. Individuals interact with the staff through in-person presentations and safety demonstrations.

**Factor 1b: The literacy skills of LEP persons in their native languages, in order to determine whether the translation of written documents will be an effective practice**

Given the data collected from the American Community Survey it is probable translating written documents into Spanish, Vietnamese, Arabic, Chinese, German, Slavic, French, Korean and Tagalog would prove effective in communication to LEP persons. Due to the language assistance resources made available by the agency to LEP persons (see the accompanying Language Assistance Plan) it is not estimated that barriers to service due to native language literacy would prevent LEP persons from accessing the agency’s programs or services at this time.

**Factor 1c: Whether LEP persons are underserved by the recipient due to language barriers**

Nebraska Safety Center provides training to public transit drivers. Given that training has been available to Nebraskans for years and no LEP concerns have been brought to Nebraska Safety Center’s attention, it is estimated that LEP persons are not underserved by the recipient due to language barriers.

**Factor 2: The frequency with which LEP persons come into contact with the program**

The agency reports LEP persons have not come into contact with the program.

**Factor 3: The Nature and Importance of the Program, Activity, or Service in People’s Lives**

It is important to note that Nebraska Safety Center does not provide public transportation, but does provide training for drivers from public transit agencies. The training provides transit staff with demonstrations and information on safe operating practices and complying with federal laws and regulations.

**Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach**

Nebraska Safety Center will have use of written translation services through the Nebraska Department of Transportation, as well as general Title VI assistance and oversight, free of cost.

**Nebraska Safety Center Language Assistance Plan**

Nebraska Safety Center currently has access to document translation assistance through the Nebraska Department of Transportation, as well as general Title VI assistance and oversight through this agency.
Using this resource, Nebraska Safety Center’s Title VI Notice to the Public, Discrimination Complaint Form, and Discrimination Complaint Procedures Form have been translated into Spanish, Vietnamese, Arabic, Chinese, German, Slavic, French, Korean and Tagalog for upon-request public distribution and posting on the agency website. The agency will take reasonable steps to assist LEP persons who may choose to access its programs and services in the future.

Additionally, Nebraska Safety Center transit personnel will be assisted by non-transit staff in facilitating interactions with LEP persons; for example, by arranging an interpreter or translator if needed.

**Monitoring, Evaluating, and Updating the LEP Plan**

Nebraska Safety Center will update the current Language Assistance Plan as required. At minimum, the plan will be reviewed and updated every two years. Updates may include the following:

The number of documented LEP person contacts encountered since the last update. Description of how the needs of LEP persons have been addressed.

- Determination of the current LEP population within the agency service area.
- Determination of whether the need for language assistance has changed.
- Determination of whether local language assistance has been effective and sufficient at meeting needs.
- Determination of whether the agency’s available outreach resources are sufficient to supply necessary language assistance.
- Determination of whether complaints have been received concerning the agency’s failure to meet the needs of LEP persons.

**Employee Training**

Nebraska Safety Center’s transit personnel are required to review the current Title VI Program document and sign a written statement declaring their understanding of their obligation to provide service regardless to race, color, or national origin.

Necessary personnel will be familiar with the agency’s procedures for handling a potential Title VI complaint.

Nebraska Safety Center have taken part in Title VI planning and training sessions through the Nebraska Department of Transportation and University of Nebraska.

Additional resources for employee training include a Title VI training workshop hosted by the Nebraska Department of Transportation and the University of Nebraska, and ongoing Title VI assistance and oversight provided by the Nebraska Department of Transportation and University of Nebraska at Omaha.

**9. Minority Representation on Planning and Advisory Bodies**

*Title 49 CFR Section 21.5(b)(1)(vii)* states that a recipient may not, on the grounds of race, color, or national origin, “deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.” Recipients that have transit-related, nonelected planning boards, advisory councils or committees, or similar committees, the membership of which is
selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees:

Nebraska Safety Center does not have a non-elected, transit-related planning board, advisory council, or other such committee. In the event that such a body were to be established prior to the next Title VI Program submission, the following table (pictured below) would be used to depict the racial makeup of said council or committee.

| 10. Requirement to Provide Assistance to Subrecipients: N/A

Nebraska Safety Center is not a primary recipient, and is therefore exempt from this requirement.

11. Monitoring of Subrecipients: N/A

Nebraska Safety Center is not a primary recipient, and is therefore exempt from this requirement.

12. Equity Analysis to Determine Site or Location of Facilities

Title 49 CFR Section 21.9(b)(3) states, “In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this part.” Title 49 CFR part 21, Appendix C, Section (3)(iv) provides, “The location of projects requiring land acquisition and the displacement of persons from their residences and businesses may not be determined on the basis of race, color, or national origin.” For the purposes of this requirement, “facilities” does not include bus shelters, as these are transit amenities and are covered in Chapter IV, nor does it include transit stations, power substations, etc., as those are evaluated during project development and the NEPA process. Facilities included in this provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc.
Nebraska Safety Center has not conducted a project requiring land acquisition or the displacement of persons during the current reporting period.

In possible future circumstances, Nebraska Safety Center will ensure that both environmental analysis and Title VI environmental justice requirements are incorporated into the scope of work for all facilities projects. The agency will complete a Title VI equity analysis during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. The agency will engage in outreach to persons potentially impacted by the siting of facilities. The Title VI equity analysis will compare the equity impacts of various siting alternatives, and the analysis will occur prior to the selection of the preferred site.

When evaluating the locations of facilities, Nebraska Safety Center will give attention to other facilities with similar impacts in the area to determine whether any cumulative adverse impacts might result. Analysis will be conducted at the Census tract or block group, where appropriate, to ensure that proper perspective is given to localized impacts.

If the agency determines that the location of a project will result in a disparate impact on the basis of race, color, or national origin, the agency will only locate the project in that location if there is a substantial legitimate justification for locating the project there, and when there are no alternative locations that would have a less disparate impact on the basis of race, color, or nation origin. The agency will show how both tests are met, and will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin; the agency will then implement the least discriminatory alternative.

13. Requirement to Provide Additional Information upon Request

FTA may request, at its discretion, information other than that required by [FTA Circular 4702.1B] from a recipient in order for FTA to investigate complaints of discrimination or to resolve concerns about possible noncompliance with DOT's Title VI regulations.

Nebraska Safety Center will fully cooperate with any FTA investigation of discrimination complaints to the extent required by Title VI regulations.

III. Requirements and Guidelines for Fixed-Route Transit Providers: N/A

Nebraska Safety Center is not a provider of fixed route transportation, and is therefore exempt from this requirement.

IV. Requirements for States: N/A

V. Requirements for Metropolitan Planning Organizations: N/A

VI. FTA Compliance Reviews: N/A
